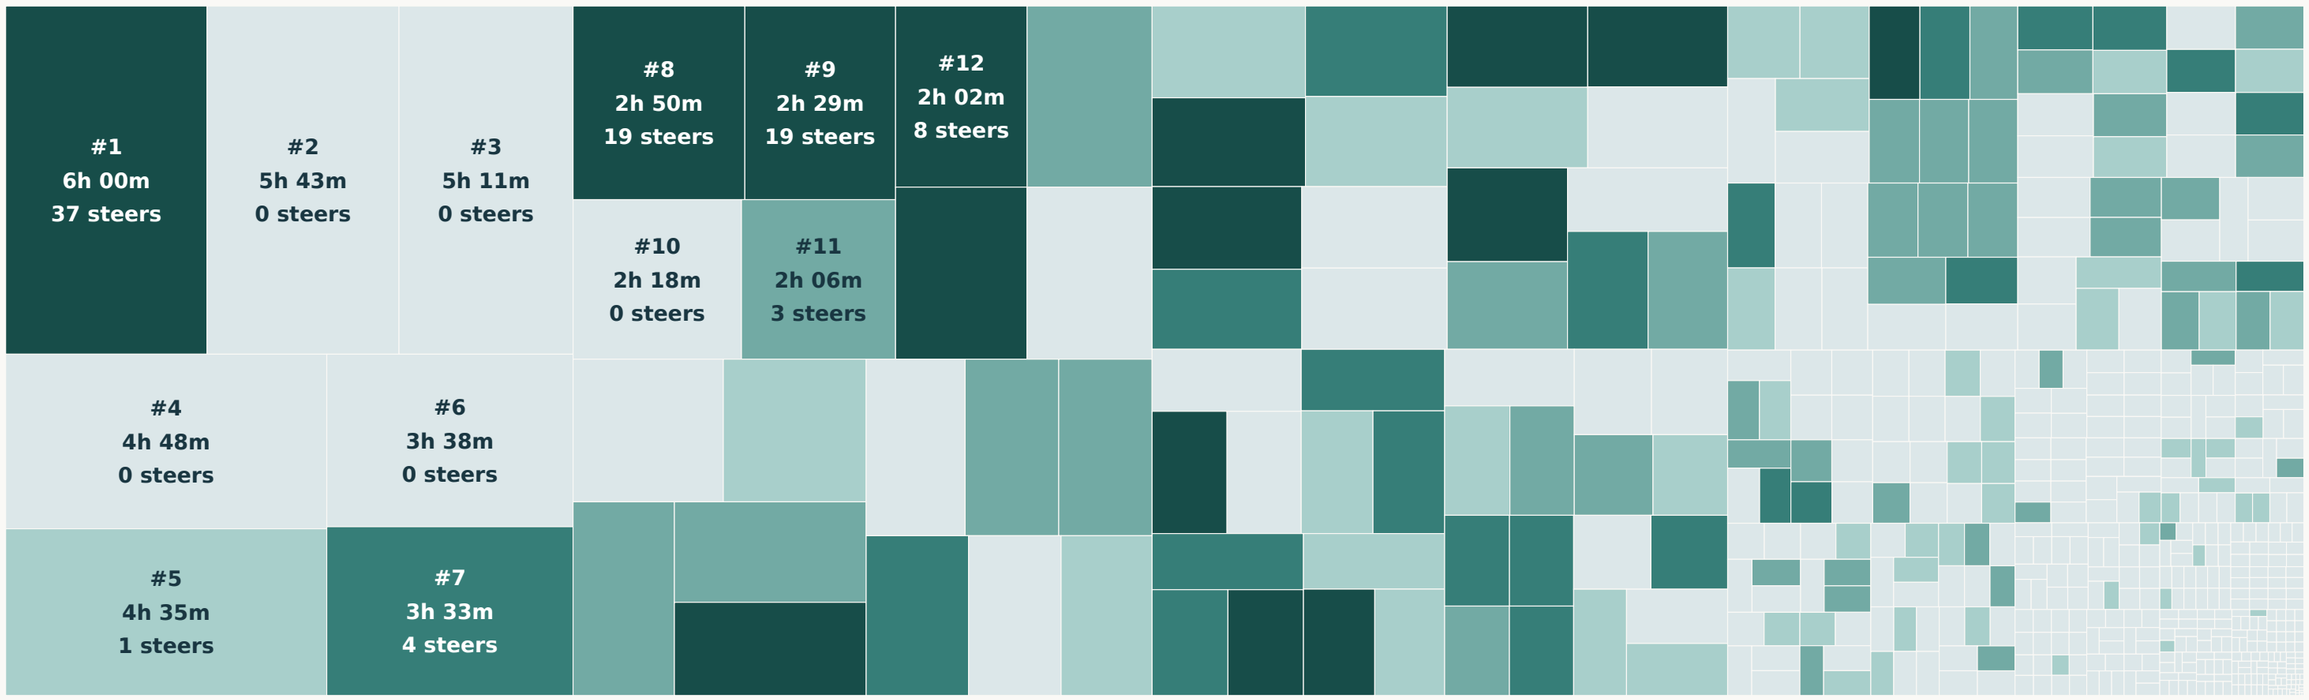
How 135.7 agentic hours split across prompts

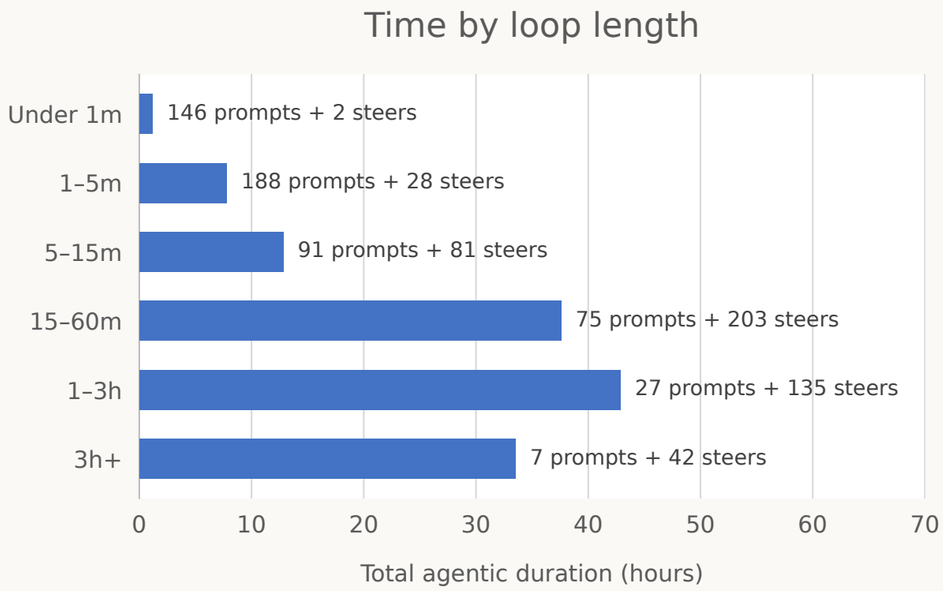
All recorded durations · 534 initial prompts with an end event · 3 open turns excluded

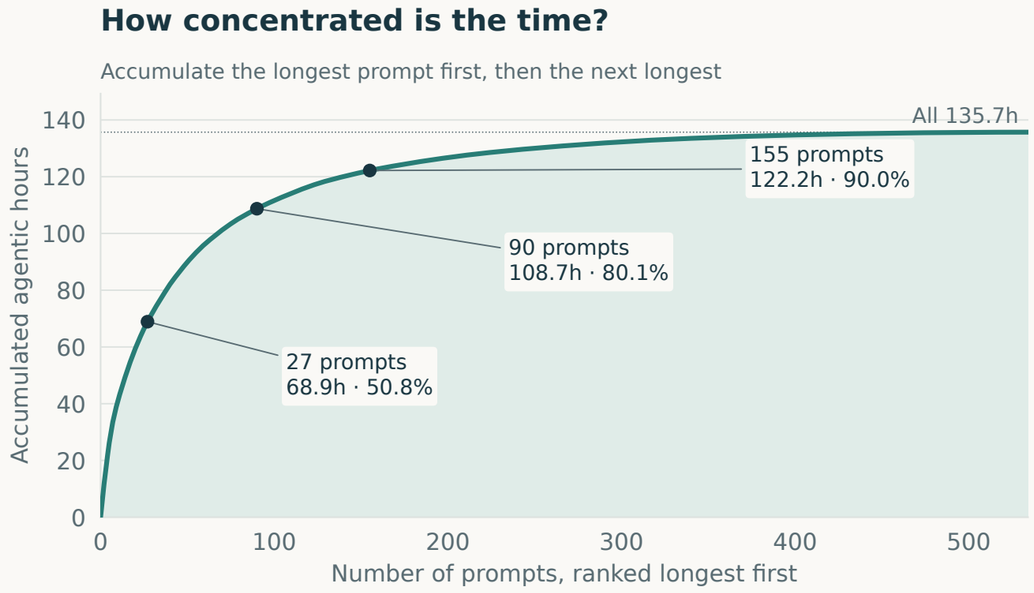
The longest 27 prompts account for 50.8% of all recorded time.

Every rectangle is one initial prompt. Its area is its share of the total duration. Color shows steer count.



0 steers · 55.1h 1 steer · 20.6h 2–3 steers · 20.1h 4–7 steers · 15.4h 8+ steers · 24.5h





Included time: completed 124.0h · failed 7.2h · interrupted 4.5h. These are log outcomes, not quality ratings.

Durations include tools, waits and steers. Overlapping loops are summed separately; this is not compute time or human working hours.
